

Couple of 100's (in repeat orders) working reliably all over India for the last many years

3-Stage Filters for 99.97% cleaning
Silent operation with noise < 65 dBA
Reliable & powerful brushless turbine
Ready-to-use, no plumbing required

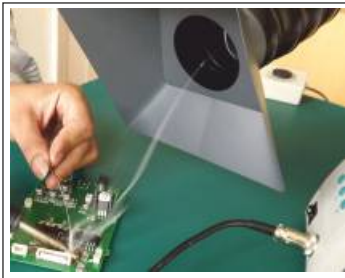

FumePRO 201
Main
Extraction
Control
Unit

Digital Display Indicator

Work Time Set Mode

- **Main Filter Indicator:** LED display of the system gives an indication when the Main Filter needs replacement.
- **System Choke Alarm:** The System alarms when the hose or extraction arms need cleaning.
- **Work Period Setting:** According to volume of solder fumes, working period can be set. If the main filter is jammed or exceeds time, the System will sound an alarm to replace the filters.

Rigid Gooseneck Arms can be positioned anywhere on table and will stay in same place

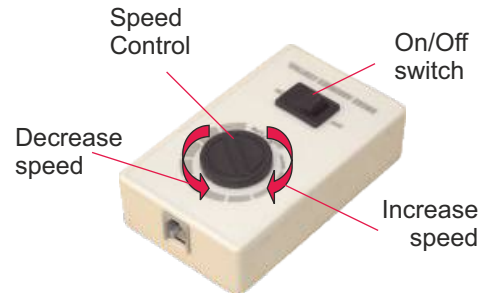

Burn-proof type Fume Absorbers

No Plumbing required
Just position on the Table as needed

**Ready-to-use
Complete
Package**

**No Plumbing
required**

Speed Control Regulator

Scope of Supply

- 1x FumePro201 Main Extraction unit
- 2x Extraction Arms (75mm dia, 1.2 meter long)
- 2x Round Fume Absorbing Hoods
- 1x Speed Control Regulator

Specifications

- Input Power Supply : 230V/50Hz, 120W
- No of Workplaces : 2
- Stationary Pressure : 2200 Pa
- Maximum Airflow Rate : 320m³/h
- Filtering Efficiency (0.3um) : 99.97%
- Noise Level : <65dB
- Dimension (LxWxH) (approx) : 470x230x500mm (7.8 Kg)

shown trademarks are property of their respective owners.

Warranty is 12 months from the date of invoice. It excludes all consumable parts as Filters, Extraction Arms and Hoods

While the information contained herein in, has been carefully compiled to the best of our knowledge, nothing is intended as representation and warranty on our part; and no statement shall be construed as recommendation to infringe any of existing patents. We accept no liability of whatsoever for any faults and errors in the information contained herein. Contents of this catalogue and specifications of the products, are subject to change without notice due to continuous improvements.

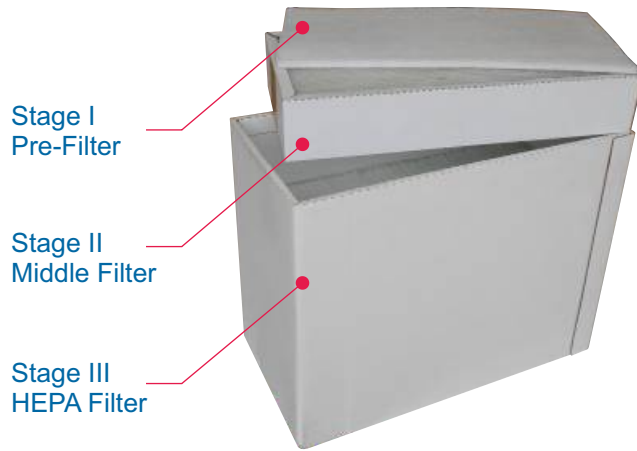

Couple of 100's (in repeat orders) working reliably all over India for the last many years

Features

- Hassle free easy-to-start in operation with all inclusive kit
- Easy-to-manoeuvre Fume Extraction Arms position as required.
- High power virtually maintenance-free Brushless DC Turbine generates higher suction
- Has very low noise (< 65 dBA) in operation as compared to other competitors' models.
- Special Filters design removes hazardous gaseous/adhesive substances from fumes.
- Normally low cost Pre Filter only needs periodic replacement when there is choking.
- Quick delivery of all spare parts as we keep enough stocks of the same all the time

FumePRO201-75 is a volume extraction type powerful 2-Operators ready-to-use Solder Fume Extraction System. It is designed for continuous and reliable working on production line. Its powerful and maintenance-free brushless turbine combined with electronic speed control, provides clean working environment at low maintenance cost. The electronic Speed Controller regulates air-flow volume continuously.

2-Operators ready-to-use Solder Fumes Extraction System Model FumePRO201-75 is fitted with **3-stage Filters:** Pre-Filter, Middle Filter and HEPA Filter. Combination of these Filters cleans polluted air by separating 99.9% contaminated solder fumes. This System is designed for use both in industrial and laboratory environment. All it needs is the Mains Input Power Supply only.

Details of 3-Stage Special Filters used in this Fume Extraction System

<p>Pre-Filter</p>	<ul style="list-style-type: none"> • Stage I Pre-Filter: The Pre-Filter filters the bigger size particles for prolonging the life of both Middle and Main Filters.
<p>Middle Filter</p>	<ul style="list-style-type: none"> • Stage II Middle Filter: It filters coarse size fume particles to prolong life of expensive HEPA Filter
<p>Main HEPA Filter</p>	<ul style="list-style-type: none"> • Stage III Main HEPA Filter: This Filter is of activated charcoal type which absorbs all harmful gas substances to provide clean air finally.

- 1. Normally Pre-Filter only needs periodic replacement when there is less suction of fumes.**
- 2. These 3 Filters should never be washed nor should be cleaned with compressed air at all.**

Warranty is 12 months from the date of invoice. It excludes all consumable parts as Filters, Extraction Arms and Hoods

Couple of 100's (in repeat orders) working reliably all over India for the last many years

Optional Accessories and Spare Filters at additional Cost

Set of 2 Flexible Hose Pipes and Table Clamps
(if table clamping is required)

2 x KCC75-75  Bench Clamps for Fume Hose 75mm

2 x KCN75-75  Soft Connecting Hose for 75mm Fume Hose

Air Flow Controller at 'ON' position Air Flow Controller at 'OFF' position

Set of 2 Metallic Square Hood 180x180mm with Air Flow Controller

2 x KHM2  Metallic Square Hood 180x180mm

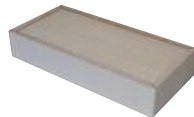

2 x KTP75  Air Flow Controller

KFPS-6100

Spare Pre-Filter

KFMS-6100

Spare Middle Filter

KFA1-02-102

Spare Main Filter
