

Highly reliable 30 volt **BRUSHLESS** DC Motor for long operational life

**reliable maintenance-free, light weight  
low reaction force BRUSHLESS motor**

## Features

- Uses Hall Switch based on magnetic induction which has theoretically infinite operational life
- Light weight Hollow Glass hi-reliability Brushless Motor which ensures minimum reaction force to the operator
- Low inertia, low impact and high torque accuracy
- Low electromagnetic interference noise
- Low temperature rise rate after prolonged operational use
- Meets clean room requirements as there is no carbon pollution

## Scope of Supply

- Screwdriver
- 2 x Bits
- Power Supply
- User Manual

## Specifications

Torque Range	0.2 ~ 2 Kgf-cm (0.019 ~ 0.19 Nm)
Torque Accuracy	±3%
Screw type	Machine Screws 0.8~2.0; Tapping Screws 0.8 ~1.7mm
Speed	1400 RPM
Start type	Lever
Operating Voltage	30VDC
Dimensions	34 mm dia x 223 mm length approximately
Weight	340 grams approximately

Warranty of brushless motor is 36 months from the date of our invoice. Warranty on other parts is 90 days from the date of our invoice, excludes all wear & tear type parts and all physically damaged parts. shown trademarks are property of their respective owners.
